

## **SCHEDULE E OF IMPLEMENTING ARRANGEMENT 1 MARK SPECIFICATIONS, FEES AND APPLICATION FORM**

In accordance with Article 12 of the Agreement and Section 22 of this Implementing Arrangement the following provisions will apply to Marks for Specified Products:

### **General Provisions**

1. An applicant for a CCC Mark, and where applicable, a New Zealand Mark, to be issued or approved must be in possession of a relevant CCC Certificate.
2. An application for a CCC Mark and where applicable, a New Zealand Mark, may be made after the application is made for certification under the Agreement and before the CCC certificate is issued.
3. The user of a CCC Mark, and where applicable, a New Zealand Mark, will comply with the applicable Mandatory Requirements during the period of using the CCC Mark, and where applicable, the New Zealand Mark.
4. The CCC Mark will be applied to the product for which it has been issued or approved before it is marketed, imported or used for any commercial purpose.
5. Any specific marking requirements for a Specified Product, including requirements for pattern, placement, method of application, are set out in this Schedule and the relevant CCC Implementation Rule.
6. A CCC Mark or a New Zealand Mark that is printed only by the printing house designated by the Chinese Responsibility Authority and that may be purchased from the CCC Mark Center is a “standard mark.” A CCC Mark or a New Zealand Mark that is otherwise printed, moulded, screen-printed, painted, etched, carved, branded, sealed or stamped is a “non-standard mark.”

### **The Design of the CCC Mark**

7. For Specified Products where CCC certificates have been issued in accordance with Schedules A.1 or A.2 of this Implementing Arrangement, a CCC Mark will have the following characteristics:
  - (a) A basic pattern and an indicator of the relevant certification type, where:
    - i. The basic pattern is:

and;

- ii. The indicators will be in capital letters and are: S for electrical safety, E for electromagnetic compatibility, S&E for electrical safety and electromagnetic compatibility, and will be indicated as below.

(b) Comply with the following dimensions:

- i. Of one of the following 5 sizes:

Size Number	1	2	3	4	5
A	8 mm	15mm	30mm	45mm	60mm
A1	7.5mm	14mm	28mm	42mm	56mm
B	6.3mm	11.8mm	23.5mm	35.3mm	47mm
B1	5.8mm	10.8mm	21.5mm	32.3mm	43mm

- ii. Be of the same proportions as for standard CCC Marks, if a non-standard CCC Mark.
- (c) Conform with the following criteria with regard to colours:
- i. For a standard CCC Mark, the printing will be in black on a white background;
  - ii. For a non-standard CCC Mark, the colour of its background and that of the basic pattern may be reasonably altered so as to match the appearance of the product or the nameplate.

8. For products that are in the nature of wire or cable, the statutory CCC basic patterns will be applied to the wire or cable without the circle, and the factory code will be shown immediately beside the CCC Mark.

### **The New Zealand Mark**

9. For Specified Products where CCC certificates have been issued in accordance with Schedule A.1 of this Implementing Arrangement, a further mark that has the following characteristics will be placed immediately below the centre of the CCC mark, except as provided in paragraph 11:

- (a) A basic pattern that is:

- (b) In relation to CCC marks, the same dimensions as 'A' of the CCC Mark for the horizontal border, 'B' of the CCC Mark for the vertical border and the same border width as for the CCC Mark.

10. With regard to colours, a New Zealand Mark will be identical to the CCC Mark applied.

11. For products that are in the nature of wire or cable, the New Zealand basic pattern will be applied to the wire or cable without the border and will be placed immediately after the factory code.

### **The Use of the CCC Mark and the New Zealand Mark**

12. The method of applying a CCC Mark will depend on the nature of the product, as specified below:

- (a) The standard CCC Mark and, where applicable, the New Zealand Mark, purchased from the CCC Mark Centre will be affixed to the place on the outer body of the relevant product specified in the application form for which the Mark has been issued or approved;

- (b) If the CCC Mark and, where applicable, the New Zealand Mark, are printed, pressed, screen-printed, painted, etched, carved, moulded, stamped or sealed on the product or the nameplate of the product, they will be applied on an exposed location on the outer body of the product or the nameplate of the product.
- (c) If it is not appropriate for the CCC Mark and, where applicable, the New Zealand Mark, to be applied to the body of a product, they must be applied to the smallest packaging of the product and indicated in the attached documentation.
- (d) For certified products to which paragraphs 8 and 11 apply, the special derivation of the CCC Mark and, where applicable, the New Zealand Mark must be printed, pressed, moulded, screen-printed, painted, etched, carved, stamped or sealed on the product or the nameplate of the product.

13. The CCC Mark and, where applicable, the New Zealand Mark may be applied to the packaging of products that have been certified.

The Production, Application and Grant of the CCC Mark and the New Zealand Mark

#### **For all Marks**

14. To apply to use the CCC Mark and, where applicable, the New Zealand Mark:

- (a) If the applicant applies in person or through correspondence or any other means of communication, the applicant must submit to the CCC Mark Centre or an accepted Certification Body a completed application form and a copy of the relevant CCC Certificate.
- (b) If the applicant applies through another party or parties, the party or parties entrusted must submit to the CCC Mark Centre or an accepted Certification Body written authority from the applicant, a completed application form and a copy of the relevant CCC Certificate.

15. A new application will be required if there is any variation to the size, colour, pattern, method of application or placement of a CCC Mark and a New Zealand Mark, to the factory code, or the details of the applicant or the factory. No new application will be required if there is any variation to a trade mark or any adaptation of the model for sale within the same unit according to the relevant CCC Implementation Rule and based on the same model design, and the design of the CCC Mark and the New Zealand Mark that have been approved or the CCC Mark and the New Zealand Mark that have been purchased may be applied.

16. When notifying the CCC Mark Centre through the relevant designated Certification Body of its issuing or approval of the CCC Mark, an accepted Certification Body will include completed application forms.

#### **For standard Marks**

17. The printing will be specifically undertaken by a printing house designated by the Chinese Responsible Authority.

18. A CCC Mark and, where applicable, a New Zealand Mark, that has been approved may be applied to other CCC certified products from the same factory, of the same product type (that is, products for which CCC certificates have been issued with identical numbers from the 7<sup>th</sup> to the 10<sup>th</sup> digit), and that require the same mark pattern.

#### **For non-standard Marks**

19. The CCC Mark Center or an accepted Certification Body will verify and confirm that the design included in the application form complies with the applicable Mandatory Requirements, and in particular:

- (a) for wires and cables, that the factory code is shown immediately beside the CCC Mark in the design included in the application form; and
- (b) that the format and content of the nameplate included in the application form are the same as the sample of the nameplate submitted in the application for certification under the Agreement.

20. The CCC Mark Centre will notify the applicant of its approval of the application in writing. The notification will be valid for a period of one year from the date of issuance and may be extended on an annual basis by an application for renewal to the CCC Mark Centre.

21. An accepted Certification Body will notify the applicant of its approval of the application in writing, and the notification will be valid for a period of one year from the date of issuance and may be extended on an annual basis by an application for renewal to the accepted Certification Body. The accepted Certification Body will advise the CCC Mark Centre, through the relevant designated Certification Body of the renewal.

22. If a CCC Mark and, where applicable, a New Zealand Mark are printed, pressed, moulded, screen-printed, painted, etched, carved, stamped or sealed on the relevant product or on the nameplate of the product, as referred to in paragraph 12, the applicant will submit the design to the CCC Mark Centre or an accepted Certification Body and may only produce the mark with the final approval of the CCC Mark Centre or that accepted Certification Body.

23. An applicant will notify the CCC Mark Centre or the relevant accepted Certification Body if renewal of the approval is not sought. An accepted Certification Body receiving such a notification, will inform the CCC Mark Centre through the relevant designated Certification Body.

### **Fees**

24. The fees for CCC Marks, and where applicable New Zealand Marks, under the Agreement will be:

(a) For issuing a standard mark:

- i) RMB 0.06 yuan for size number 1
- ii) RMB 0.12 yuan for size number 2
- iii) RMB 0.20 yuan for size number 3
- iv) RMB 0.30 yuan for size number 4
- v) RMB 0.40 yuan for size number 5

(b) For each design used for printing or otherwise producing the CCC Mark and, where applicable the New Zealand mark:

- i) RMB 900 yuan for the first year; and
- ii) RMB 600 yuan for each subsequent year.

### **Application Form**

25. A single application form may cover marking on the product or the nameplate and marking on the package or other documents, provided that all the relevant designs are submitted with that form.

26. The application forms for issuing or approving a CCC mark, and where applicable a New Zealand Mark, are the following:

## Application Form for Purchasing Mark

Applicant (User of Mark)					Agent	<input type="checkbox"/> YES <input type="checkbox"/> NO
